CHALLENGES

With a new national presidential administration with a radically different perspective – UDHHS COVID grant was terminated. Some grant makers are taking extended period for grant award decision. Due to a misunderstanding CDBG grant was denied to us June 2025-July 2026. The misunderstanding has been resolved amicably and we have been awarded \$50,000 for July 2026-June 2027. Eccles Foundation has been awarding us a modest \$10,000 grant each year since 2010 and we expect them to continue that repeat award.
